## SUMMARY

---

- FullStack developer with 2.5+ years of experience
- Adept at developing responsive and user-centric web applications, ensuring optimal user experience
- Skilled in React, Next.js, Bootstrap, Chakra UI, adept at creating visually appealing and responsive user interfaces with integrated animations for optimal user experience.
- Experienced in team leadership and management, capable of effectively leading and managing teams to deliver successful projects.
- Proficient in Node.js, Nest.js, Express.js, Mysql, MongoDB, PostgreSQL, and Appwrite, specializing in designing scalable and secure backend solutions.

## EDUCATION

---

2021- 2024 Bsc (Information Technology) at **Mumbai University**

## PROFESSIONAL EXPERIENCE

---

**ILM UX Pvt. Ltd.**

Mumbai, Maharashtra

**FullStack developer - Internship**

Jan 2022 - May 2024

- Engineered a robust full-stack application utilizing React, Angular, and Next.js, resulting in a 40% improvement in loading speed and a 25% increase in user engagement across all devices and platforms.
- Developed and integrated an AI-driven user authentication system leveraging Appwrite, streamlining access for over 5,000 users and reducing manual login issues by 60%, greatly enhancing user satisfaction and security compliance.

## PROJECTS

---

**Color fusion**

[Link to Demo](#)

Developed an innovative application for generating visual and UX color palettes, significantly enhancing user experience and visual appeal. Equipped designers with customizable tools utilizing predefined UX components for seamless design creation. ( Next Js v14.1.0 )

**Taskblitz**

[Link to Demo](#)

Created a task management application using Next.js, featuring integrated authentication and authorization functionalities. Implemented robust security measures to ensure data protection and user privacy through effective authentication mechanisms and access control protocols. ( Next Js v14.0.4, Appwrite v13.0.1 )

**MovieHub**

[Link to Demo](#)

Designed and launched MovieHub, a comprehensive platform for movie enthusiasts that provides a diverse selection of trailers and reliable ratings. Established as a primary resource for information and previews of upcoming films in the dynamic entertainment industry. ( React Js v18.2.0 )

**Tunnel**[Link to Demo](#)

Engineered a dynamic, real-time chat application using Next.js, Socket.IO, and Chakra UI, providing users with seamless and interactive communication experiences. ( Next js v12.2.3 )

**Inscribe**[Link to Demo](#)

Designed and developed a social media platform that enables users to share their thoughts and emotions through posts, while facilitating engagement through likes and comments. Enhanced user connectivity and interaction by leveraging community-driven features to foster meaningful conversations. ( React Js v18.3.1 )

**CRR - Candidate Rating Reporting**

Designed and developed a specialized platform that streamlines candidate evaluation for HR professionals. This application allows users to rate candidates based on their hiring experiences and share insights, fostering collaboration and transparency. By leveraging community-driven features, CRR enhances connectivity among HR teams, enabling them to access and analyze candidate reports for informed hiring decisions. ( Next Js v14.1.0 )

SKILLS

---

Languages:	HTML, CSS, JavaScript, TypeScript
Database:	Mongodb, MYSQL, Postgres, Appwrite
Technologies	React, Bootstrap, Chakra ui, Nextjs, Nodejs, NestJS, Astrojs
Developer Tools	Postman, VS Code, GitHub, Balsamiq, Figma, Insomnia,VS Code,Vercel,
